

eviDent's exhibition booth

The eviDent Foundation booth was like no other at this year's Convention, largely thanks to the generous support of Oralis360 and Dentsply Implants.

As a 2014 Convention special, Oralis360 donated 100% of the proceeds from the sale of Oralis360 Interdental brushes to the eviDent Foundation. eviDent thanks Oralis360 as well as those who purchased the interdental brushes.

eviDent also thanks those who attempted to beat the distance set by DENTSPLY Implants in its 'minute to win it' competition. Whilst many tried, and one came close, the title remains with Gabby from DENTSPLY Implants.

The Panda Factor

Mr Garry Pearson with Sylvain Mani from PSA

The eviDent Foundation may not have 'the Panda factor', but it certainly had a lot of support from those who attended and supported the inaugural eviDent Foundation fundraising dinner!

The energetic and dynamic drumming performance of Wadaiko Rindo, renowned Japanese drummers, certainly captured the attention of guests as they arrived and took their seats.

FELIX, the amazing close-up magician, caught the imagination and curiosity of the audience as he roamed the room during the evening with his mind-blowing close up illusions, spiced with humour.

eviDent recognises that those who supported the event have many things competing for their time and money, which is why eviDent is particularly

grateful that they too believe practice-based research to improve oral health is a cause well worth supporting.

A particular note of appreciation goes to the event's Associate Sponsor, PSA Insurance, who has been delivering insurance solutions for doctors and dentists since 1926.

eviDent also thanks the supporter sponsors:

- Guild Insurance Ltd;
- Cattani Australia Pty Ltd;
- Biomet 3i;
- New Litho; and
- Sterling Private Wealth.

Thanks also to those who generously donated fantastic items for the silent auction:

- Velissaris Photography;
- Dr Ruth Paluch; and
- Mr Garry Pearson.

For many, the true highlight was the 'money can't buy' photo opportunity with the CEO of the Australian Dental Association Victorian Branch. Want to know more? We'll see you at the next fundraising dinner!
