

# That Sugar Film

The eviDent Foundation invites you, your friends and colleagues to attend a private screening of 'That Sugar Film' at Cinema Nova on Thursday 16 April 2015 at 7:00pm.

The film has received praise nationwide, including critical acclaim from celebrity chef Jamie Oliver stating it's a 'definite must see'. Also, the Australian Dental Association urges all Australians to watch the film and to encourage their patients to see the film. The film aims to highlight the effects of a high sugar diet on a healthy body through one man's journey to consume food that is perceived as 'healthy'.

"Even as a dentist with good knowledge of diet and sugars, I was shocked by the sugar content of some foods – foods that the average Australian would think are health choices", says Dr Peter Alldritt, ADA Inc Oral Health Committee Chair.

The leading actor Damon Gameau discovers the issues that plague the sugar industry.

All proceeds from this event will help the eviDent Foundation to improve the oral and general health of the community. **To register, please see insert in this Newsletter.**
